# Organic Aquavit

Oak matured Aquavit; 40 %vol

Produced and bottled by: Spirit of Hven, Sweden

## Facts

*This Aquavit is one of a kind. Truly handcrafted with certified organic ingredients. The fresh spirit is oak matured both prior and after distillation giving extra depth to the soft fudge, vanilla character. The scent of new grind coffee reveals gently behind the fresh herbs, something remarkable indeed.*

*The unique distillation process in the small copper pot stills of Hven creates sweetness that in combination with the fresh organic botanicals results in a graceful combination of summer sea breeze and newly cut lawn.*

*Only the best fresh organically grown lemons and oranges are selected to supply the zest that contributes with the oily citric notes that holds together the taste and the body of the spirit.*

*Spirit of Hven Organic Aquavit can be served as schnapps to a cold appetizer, over ice with a slice of orange or even drunk with the addition of water alone. It is best enjoyed with something salt.*

*This is a very unique Aquavit that will give you a new way of looking at flavoured schnapps, with soft aromatic notes and long aftertaste.*

*The final products are bottled and hand-waxed on site at 40% ABV without any carbon- or chill filtering, no colour corrections or additives.*

*All bottles are individually numbered and checked before approval.*

ORGANIC & ETHICAL TRADE  
CERTIFIED BY SE-EKO-01

## Flavour

*This Aquavit has a clear note of Caraway in the scent, combined with the berry freshness from St Johns wort. Fresh peels from organically grown lemon and oranges contribute with citric, almost Christmas like tone. The distillation in small copper pot stills adds a round sweetness.*

*Oak maturation in American Quercus Alba complement the herbal peppery tone with sweet Vanilla and fudge, behind the first sip a scent of coffee and liquorices are released. Addition of a small portion of locally harvested honey supplements the long aftertaste with oily sweetness. Pleasant is the word.*

## Spirit of Hven Backafallsbyn

*Welcome to enjoy this unique Organic pot distilled spirit, made on the beautiful island of Hven situated in Öresund between Denmark and Sweden.*

*The distillery is also unique being only the third Pot Still distillery ever built in Sweden, and as you know third is a charm. The range in the distillery portfolio covers all from Eau-de-Vie's and Gin to Vodka and Rhum varieties.*

*But the heart and soul of the distillery is the production of Single Malt Whiskies, smooth as well as peated. The distillery also holds its own hotel, bar and restaurant, giving you the possibility of visiting and understanding the heritage of the products.*

*To create this product with the smoothest and sweetest character possible the organic wheat distillate is macerated with the best hand selected organic herbs, spices and fruits. Everything is distilled together in the unique small copper pot stills and the result hand bottled on site.*

*All spirits made in the distillery are bottled without any additives and without carbon- or chill filtering, which may cause cloudiness in the spirit, this should be considered as quality insurance for your benefit, as the veils are the flavour components in the spirit.*
